

The **Pink** Stulberg Kit™

Safe, Effective, and Efficient Upgrades for Lateral Patient Positioning

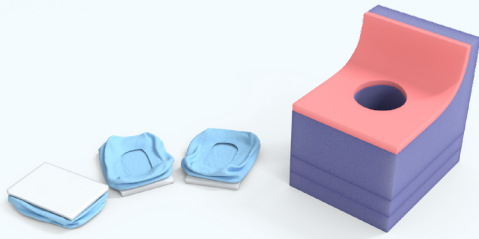

- Help prevent Hospital Acquired Pressure Injuries (HAPIs)
- DermaProx™ materials are immersive, enveloping, soft, breathable, and help maximize positioning security
- Achieve a precise fit for your specific equipment
- Customizable kits optimize patient safety

"Xodus Medical's Stulberg Kits perfectly complement our existing equipment, and they advance our efforts toward a pressure-injury free operating room environment."

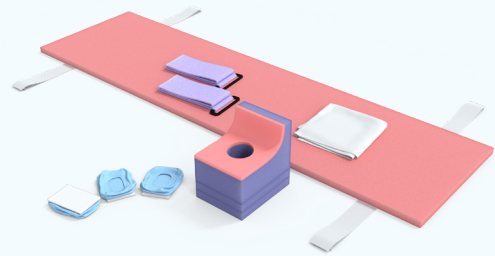

- Michele Giacobbi RN, BSN, CNOR, Pittsburgh, PA
