Scalpel Holder CE 0459

- Holds up to four scalpels
- Holds scalpels in safe position preventing accidental cuts or sticks
- Convenient angled design arranges scalpels in ready-to-use position
- Compact design takes up minimal space on the mayo stand / back table
- Adhesive tab on back secures the Scalpel Holder to the work surface

#20220

Sharps Transfer Drapes

Safe Hand-Off Sharps Transfer

- Available in both reusable and single-use
- Magnetic and non-magnetic options
- Creates a designated sharps neutral zone

Reduces Risk of Sharps Injuries by 59%

- Minimizes the risk of accidental cuts and sticks
- Decreases the risk of cross-contamination

Raised magnets provide more surface area for grasping instruments

Built-in transfer zone prevents instruments from becoming magnetized

Single Use Magnetic Transfer Zone (Small)

#80710 CE
0459

Reusable Magnetic Transfer Zone (Large)

#80885
