Patient Safety Advantages

Material Differences

Featuring PinkProtect™ — an immersive, enveloping, breathable, and moisture-wicking material for the utmost protection against HAIs

Enhanced Patient Safety

Proven, skin-friendly positioners designed to improve patient safety throughout prolonged positioning

Customizable Care

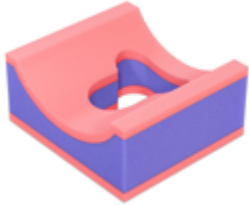

Multiple materials with varying densities to deliver optimal pressure distribution.

Unique designs tailored to the specific requirements of ICU patient positioning.

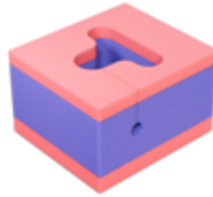

// "If you already use Xodus Medical **Pink Pad**® Products in the OR, then you know how amazingly breathable the proprietary, open-cell material is. It prevents shear and wicks moisture, preventing irritation and breakdown."

— Susie Hammant RN, CNOR Metairie, LA
