

PinkProtect™ OR Kits

and Components

Customize our standard kits with positioners matched to the specific requirements of your patients. See the reverse side for a complete list of safe, skin-friendly options.

Patient Safety Advantages

- Featuring PinkProtect™ – an immersive, enveloping, breathable and moisture-wicking material for the utmost protection against HAPIs
- Multiple materials with varying densities to deliver optimal pressure distribution
- Proven, skin-friendly positioners designed to improve patient safety throughout prolonged surgical procedures
- Unique designs tailored to the specific requirements of OR patient positioning

If you already use Xodus Medical™ Pink Pad® Products in the OR, then you know how amazingly breathable the proprietary, open-cell material is. It prevents shear and wicks moisture, preventing irritation and breakdown.
