

# OEM and Private Label Manufacturing

## Your Strategic Sourcing Partner

### Experience

Xodus Medical has been manufacturing medical devices for over 20 years. Over this period we have built a significant infrastructure, while becoming an expert in both custom product design as well as private label manufacturing. We have the flexibility and capability to address the volume of both, small and large customers, including some of the largest in the Healthcare industry. Whether you're a distributor or manufacturer, Xodus Medical's value-added services ensure we'll meet your demands that exceed your in-house capabilities, empowering you to deliver greater value with lower cost.

### Project Management

When choosing to work with Xodus Medical, you're a valued partner. You will be assigned a dedicated project manager who will work with you every step of the way, ensuring constant communication and satisfaction throughout each step of the design and manufacturing process.
