Xodus Medical Celebrates 30 Years of Patient Safety Innovations

Honoring 30 Years of Support for Medical Professionals Worldwide

New Kensington, PA, July 22, 2024 – Xodus Medical, a leader in medical device manufacturing, proudly commemorates its 30 year anniversary. Since its founding in 1994 by brothers Craig and Mark Kaforey, Xodus Medical has been committed to making surgery safer for both perioperative professionals and their patients.

Over the past three decades, Xodus Medical has achieved many milestones, including developing over 1,100 innovative medical solutions and serving 10,000+ sites worldwide. Through its dedication to increasing positive surgical outcomes, the company has impacted the lives of many individuals for the better.

Key milestones from Xodus Medical's 30 years include:

- **Increasing Positive Surgical Outcomes:** Through the development of innovative technology and the use of advanced materials, Xodus Medical provides healthcare professionals with cutting-edge solutions. The company has received dozens of patents for solutions that improve patient safety in various ways, including reducing hospital-acquired pressure injuries and enhancing laparoscopic visualization.
- **Global Reach:** Since 1994, Xodus Medical has continually expanded its presence. The company now delivers patient safety solutions to over 55 countries, ensuring that healthcare professionals worldwide have access to innovative products.
- **Advancing Healthcare Practices:** Over the past 30 years, Xodus Medical has been committed to collaborating with healthcare professionals to establish best practices that benefit both healthcare workers and their patients, leading to improved surgical outcomes and enhanced patient safety.

"We are deeply grateful for the trust and partnership of our customers and employees over the past three decades," says Craig Kaforey, CEO of Xodus Medical. "We look forward to continuing to elevate patient care together and achieving even greater milestones in the years to come."
